

IAM Certificate Workshop

Life Cycle Institute has partnered with The Woodhouse Partnership to offer the Institute of Asset Management (IAM) Certificate training and exam.

This three-day course provides a grounding in the principles and practice of asset management. The content is aligned to PAS 55, ISO 55000, and the Institute of Asset Management (IAM) competency framework, with the objective of preparing students to pass the Principles of Asset Management exam.

The importance of the integration of asset care into the broader business vision and strategy of the organization is stressed throughout the course.

The course is delivered through three days of interactive classroom teaching, including reinforcing exercises and tests, supported by workplace assignments and directed reading. The two-hour IAM Certificate exam is offered on the morning of the fourth day.

IAM Certificate Exam

IAM Certificate exams are set by the IAM Examinations Board. It consists of 60 questions, delivered online in the form of multiple-choice questions at the IAM exam venue at Life Cycle Institute.

The Principles of Asset Management examination consists of the following five compulsory modules:

1. The Principles of Asset Management (20 questions)
2. Asset Management Policy, Strategy and Planning (10 questions)
3. Managing Asset Life Cycle Decisions and Activities (10 questions)
4. Assessing and Managing Asset Management Risks (10 questions)
5. The Financial and Business Impact of Asset Management (10 questions)

Life Cycle Engineering (LCE) and The Woodhouse Partnership (TWPL)

LCE and TWPL have formed an alliance to promote the application of international standards and best practices in risk-based asset management. This alliance combines 50 years of experience in asset management and reliability engineering

TWPL is a world leader in applying the ISO 55000 asset management standard and PAS 55. LCE is a global leader in reliability and maintenance best practices and asset management systems.

Who Should Attend:

Experienced engineers and asset management professionals.

Course Information:

This course includes a comprehensive active learning manual, morning and afternoon refreshments, lunch, and the use of a fully equipped e-business center. Class is held on Tuesday through Thursday, with the exam on Friday morning. All students completing a class at Life Cycle Institute will receive a certificate of completion awarding 2.1 CEU's. The IAM Certificate will be awarded by IAM upon successful completion of the exam.

Life Cycle Institute:

Life Cycle Institute is a recognized leader in Learning, Leadership and Change Management solutions. Be prepared to be an active learner. When you invest in training with Life Cycle Institute, you will gain knowledge and learn skills that you will be able to apply immediately. Our courses are designed to teach by doing. Your training with Life Cycle Institute is different because we offer:

- Facilitators who practice what they teach and teach what they practice.
- Course content that is constantly updated with the latest proven tools and methods.
- Adult learning methods that minimize lecture and emphasize learning by doing.
- Classrooms that are specifically designed to facilitate learning.
